ABOUT ARTIST

ART MEETS ENGINEERING

Daria Vazhenina is a Sydney-based multidisciplinary artist and set designer specialising in large-scale sculptural installations, experimental materials and immersive environments.

With over 15 years of experience in engineering and 3D design, she brings a unique combination of artistic vision, technical expertise and spatial thinking to her practice.
In 2025, Daria founded Giant Silk Art, an independent creative studio exploring the boundaries between sculpture, architecture, fashion and contemporary design.

Her work investigates movement, light, transparency and the transformation of materials, creating expressive sculptural forms that interact with their surroundings.

Her projects have been featured in **Harper's Bazaar, FIGGI Magazine, ENZO Magazine and Polka Dot Wedding.**

Working across textiles, paper, foam and structural materials, Daria develops original concepts from initial experimentation through to large-scale fabrication and installation.

MATERIALS & CAPABILITIES

BEYOND SILK. BEYOND CONVENTIONAL DESIGN.
We work across a wide range of materials and fabrication techniques to create sculptural installations, oversized props and immersive environments.

TEXTILES
SCULPTURAL MATERIALS
STRUCTURES & FABRICATION
MIXED MEDIA
LARGE-SCALE INSTALLATIONS

1. TEXTILES

Silk, organza, chiffon, satin, tulle, velvet and specialty fabrics.

2. SCULPTURAL MATERIALS

Paper , EVA foam, xps, plastics, acrylic

3. STRUCTURES & FABRICATION

Timber, metal frameworks, welding and custom-built supports.

4. MANNEQUINS & FASHION PROPS

Custom styling, draping and artistic embellishments for fashion editorials and campaigns.

5. LARGE-SCALE INSTALLATIONS

Immersive environments, suspended pieces and architectural elements.

6. MIXED MEDIA

Combining textiles, paper, foam, wood, metal, acrylic and other materials.

EXISTING COLLECTION

Discover more of our existing pieces on our website and Instagram.
What you see is just the beginning. Every piece can be reshaped, rearranged and creatively adapted to suit your vision.
Simply get in touch, share your idea, and we'll take care of the rest.
